

THE A180 BLASTER

- On her RIGHT hip always she is right handed
- The weapon Jyn Erso carries in Rogue One
- Long barrellled angular industrial
- The one thing she services properly and it looks it
- Clean where it matters worn at the contact points

THE WHISTLE AND THE LEASH

- Her two instruments of command both for the animal
- Neither is a weapon and that is the point
- Plain worn metal whistle on a cord at her throat
- Heavy leash coiled at her belt repaired at least once
- Used daily for years and they must read that way

THE ANIMAL IS THE RANK

- Wherever Jasu is the akk dog is it is not scheduled scene by scene
- 0.85 m at the crest a very large dog Great Dane height
- Its shoulder crest is level with the bottom of her belt
- She was paid to transport it and kept it
- It is the first unconditional love she has ever had
- She has never named it because nobody taught her how
