

THE CONTACT LENSES

- A vertical slit pupil clearly readable
- Otherwise a human eye shape lids lashes expression
- Only the pupil is wrong
- The highest value item in her make-up
- Never a full creature eye and never enlarged
- Cannot render at full figure distance this is close work

SCALE PLACEMENT

- Edges only never the middle of a surface
- Temples outer cheekbone jawline behind the ear
- The side of the neck never the front of the throat
- Collarbone and the tops of the shoulders
- Backs of the hands and the forearms
- Broken patches never a continuous sheet

FINISH AND COLOUR

- Tonal the same colour as her skin
- Flat like a tattoo never raised or pebbled
- Readable only in raking light
- Never warm orange or tan
- Make-up never prosthetics

CONTINUITY

- One costume three scenes 10 23 and 25
- Dirt increases across the shoot the scale does not
- Lenses in for every close and mid shot
- Match the portrait plate not the full figures
- She is never indoors except the Sabacc hold

WHAT IT IS NOT

- Not a prosthetic and not an appliance
- Not a full creature design
- Not a printed or transferred snakeskin
- Not covering the whole face
- A human performer with inherited ancestry
