DETAILS & CLOSE-UPS

EXPOSED SKIN PURPOSE

- Freedom of movement
- Temperature regulation
- Weight reduction
- Reveals heritage
- Functional, not decorative

BOARD 05 – MATERIALS & COLOUR BOARD

LAYER SYSTEM

- Scale-textured flexible undersuit
- Breathable base layer
- Crossed chest harness and light plates
- Tattered outer panels to break silhouette
- Lightweight boots and quiet wraps

EXPOSED SKIN PURPOSE

- Freedom of movement
- Weight and heat reduction
- Sensory function
- Makes inherited scales legible
- Practical first; never sexualised

CONSTRUCTION RULES

- Believable seams and fasteners
- No floating armour pieces
- Functional asymmetry
- Nothing rattles or snags
- Visible repairs and field replacement

DESIGN INTENT

A buildable costume assembled from flexible armour mesh, technical cloth, reinforced synth-leather, worn hardware, and repaired field gear. Exposure is functional, never ornamental.
